

CAPABILITY STATEMENT

OUR COMPANY

Joe Wagner Group is a forward-looking, privately-owned company built on strong family values and focussed on sustainable growth. Based on the Darling Downs, we are proud of our 30-plus year legacy of earthmoving and plant hire in Queensland and Northern NSW and our reputation for completing civil construction jobs in-full and on-time.

We have a proven track-record of delivering civil construction projects for both state and local government bodies and the private sector in the areas of:

- Road,
- Rail,
- Bridges,
- Drainage, and
- Bulk earthworks

We work with our clients to find the best solutions for their projects; aiming for both environmental and business sustainability.

OUR RESOURCES

OUR PEOPLE

Joe Wagner Group's operational staff have QR SARC certification, required tickets and come from various trade backgrounds—forming a reliable, knowledgeable and multi-disciplined team.

The depth of knowledge of our senior employees allows them to think on their feet ensuring that jobs remain on time and to client specifications despite changing conditions. Our civil engineers bring knowledge of the performance requirements for large infrastructure projects, and experience in delivery.

OUR INTEGRATED MANAGEMENT SYSTEM (IMS)

Joe Wagner Group has a track-record for safety and has stringent KPIs and safety-management systems to keep our projects incident-free. From procurement to delivery, the policies of our proven IMS enable our staff to observe best-practise industry standards of safety, deliver superior service, and complete work that meets rigorous compliance and quality specifications.

OUR EQUIPMENT

We are regularly engaged to deliver flood repairs and emergency clean-ups due to our reputation for mobilising quickly with quality machinery. We continually expand our fleet to meet growing requirements.

Our Plant Includes:

- Excavators: 1.7 tonne to 45 tonne
We have a very extensive range of attachments to suit each size machine.
- Trucks: body truck, water truck, side tippers, tri-axle float, semi-water tanker
 - Backhoes
 - Rollers
 - Graders
 - Skid steers
 - Backhoes
 - Bobcats

OUR INTEGRATED MANAGEMENT SYSTEM DRIVES SAFETY, SERVICE AND QUALITY OUTCOMES FOR OUR CLIENTS

OUR CAPABILITY

EARTHMOVING & PLANT HIRE

Our comprehensive fleet equipped with industry-best 3D GPS machine-control systems enables us to mobilise quickly. Regular upgrades along with our onsite workshop ensures that our fleet is current and well-maintained. We have multiple assets in each plant category and a large multi-disciplined workforce giving us the flexibility to meet programme requirements even if unforeseen issues arise.

DRAINAGE

Joe Wagner Group has the experience, capability and expertise to provide stormwater infrastructure, cross drainage structures, longitudinal drainage and subsoil drainage. Our crews are extremely practised in the installation of pre-cast culverts, manholes, drop structures and pre-cast and in-situ headwalls under railway lines, airport pavements and major highways.

RAIL

We have extensive experience in rail brownfield upgrades and enhancement work in an operationally live rail environment for culvert replacements and formation works. Our project managers are well-practised in developing shift programs, and supply and procurement strategies for rolling shutdowns in remote locations. Our SARC accredited crews know how to work quickly and efficiently under shutdown conditions in accordance with rail industry compliance.

ROADWORKS

Joe Wagner Group's multi-discipline capabilities allow us to deliver the key construction activities required for roadwork projects. We are able to deliver clearing and bulk earthworks, drainage, road construction and traffic management. We hold DTMR prequalification—recently updated to reflect our expanding capacity.

OUR CLIENTS

Our team are proud of our long-term customer relationships and the outcome of this in terms of repeat business. We also enjoy sound, respectful partnerships with local suppliers and highly-skilled subcontractors who subscribe to the same values and ethics as the Joe Wagner Group. This allows us to quickly expand our capacity when required.
